

Zoos and aquariums connect millions of people across the globe with wildlife and provide valuable educational resources that inspire the next generation of animal advocates. Preserving that legacy is vital to the work all zoo and aquarium professionals do on a daily basis. The San Francisco Zoo and Gardens fully supports the Zoo & Aquarium Video Archive. This repository of information from the individuals who have helped to shape our world viewpoint is outstanding and fundamental to keeping conservation alive and well.

Sincerely,

A handwritten signature in black ink that reads "Tanya M. Peterson". The signature is fluid and cursive, with the first name "Tanya" being the most prominent part.

Tanya M. Peterson
