

ZOOLOGICAL ASSOCIATION  
OF AMERICA

August 5, 2014

The Zoological Association of America (ZAA) recognizes the importance of preserving zoological history, and one of the best ways to accomplish this goal is by video documentation of past leaders in the industry so they may share their knowledge and expertise.

ZAA endorses the Zoo & Aquarium Video Archive project and their goal of preserving the wisdom of the past for future generations.

Peter J Brewer, DVM  
Chairman  
ZAA
