Dear Maxon -

Thanks for list of arrivals and  
 births, London Zoo, 1960. I presume this will  
 appear eventually in the Ann Report but  
 still, always interesting. I will ask  
 Herndon to forward Report list to Jim Oliver.

The Cleveland Bongo came from Kenya and  
 presumably is ISAACI, as ours was. The one in  
 Antwerp was carried with the Akapis from the  
 Congo by Geo Bournelle and presumably is COOPERI  
 from Uele. Both presumptive, of course!

The Wh. hd sloth was described by J. A. Allen,  
 1913, as C. capitalis. It is listed by Cabrera, 1957,  
 as C. HOFFMANNI CAPITALIS. Loc. S. E. Colombia, perhaps  
 also N. E. Ecuador.

Best regards

Lee

Happy
