Dear Marvin -

It doesn't seem likely that I would know anything about Guenon birds not already available to Ossan Hill but if I do, of course he's welcome.

Bij Hong Heluda for April hasn't turned up here as yet, so stands for the advance information. There should be more Afrapare bred this year.

Looks as though Washington should rear the Koakaburras - very good. I showed you letter to Ball. Steve still has us closed up. Best regards
Lee
