Dear Marvin -

Many thanks for Part II  
of your list. The very first  
item, Cuban *Solenodon*, wants  
correction. When the animal died  
it went to A.C.Z. at Harvard.  
Later, I checked its identity  
with the Barbara Lawrence who  
reported it as *paradoxus* not  
*cubanus*, as listed in our cards.  
So we have never had *cubanus*  
and the Philadelphia one is  
the only specimen recorded in  
captivity. Best regards

Doc
