Dear Marvin -

Thanks for Brazilian report, returned herewith - very interesting.

Don't know what to make of the Budapest Platypus report - curious that no one ever heard of it before.

Arrival date of 3 Indian Pangolins was April 28 - doing well so far.

Rec'd pair of Malay Tapirs June 1, 2 ♀ Heronets from Quarantine yesterday.

I'll ask Jimmy City to send you Seal particulars.

Best regards
